An Evansville, Ind., boy tried to separate a dog and cat that were fighting and was bitten by both. He now has hydrophobia and is in a critical condition.

Woodford county fiscal court has ordered an election for November to vote on the issue of \$40,000 worth of bonds to pay for turnpikes made free a year ago.

While curling her hair with a hot curling iron, Miss Cora Anderson, a young school teacher of Scott county, stuck the instrument in one of her eyes, destroying the sight.

A New York policeman killed his mother, wife and two children and wound up the job by killing himself just as she expired, his wife said: "Whisky has done this."

At Morgansville Reform School near Pittsburg, Pa., Harry Fisher, an 18-year-old inmate, killed John B. Struckrath, superintendent of the tailoring department, with a base ball bat. Struckrath had detected Fisher and three companions in their effort to run away.

The occupation of Manila, city, bay and harbor by the United States pending the settlement by treaty of the disposition of the Philippines. Commissioners are to meet in 30 days at Havana and San Juan to settle the details of evacuation. Spain and the United States shall each appoint five peace commissioners to meet in Paris not later than October 1 to conclude a treaty.

Rear Admiral Kirkland, commandant of Mare Island navy yard, died at Vallejo, Cal.

THE HUSTONVILLE FAIR.

Our West End friends should make the present fair organization a permanent one and begin at an early day to build a big amphitheatre and stables for next year. Lincoln ought to have a fair each year and as it has been demonstrated that Hustonville is the only place in the county where a successful one can be held, we make the motion that she be granted the privilege for all time to come. The first exhibition of the New Hustonville Fair Association was a success from every standpoint. The finest stock in the land was there; the prettiest girls in the far-famed blue-grass were on hand. Chivalrous beaux were numerous and last, but not least, hospitality, true old Kentucky hospitality, was in the very air.

President W. Gid Cowan had his whole soul in the fair and he worked like a Turk from the time he took the office till the last tap of the bell. The vice-presidents and directors did their work nobly, while to Secretary W. D. Hooker, Assistant Charlie Adams and Treasurer J. H. Hocker are due no little of the success of the enterprise. Order was splendid throughout and nothing but a pleasing remembrance of the fair is now left. Following is the list of awards for the last day and a half. The rings were all hotly contested, some of them having as many as a dozen entries.

AROUND THE RING.

Of course J. G. Weatherford, of Milldale, was there.

The music was not a feature of the fair but it did very well.

Hustonville had on her gayest garb, most of the houses being decorated in flags and bunting.

Messrs. T. C. Jasper and J. S. Goode came all the way from Plano, Texas, to the fair and felt amply repaid for their trip.

The fancy turnout ring was splendid. There were four entries and the prettiest girls that could be found did the driving.

Mrs. John J. Allen was the recipient of much congratulation for having the prettiest baby and the ugliest husband in all the West End.

T. L. Carpenter's Aberdeen Angus cattle, which wore the "silk" tie nearly every time they were shown, were greatly complimented.

George Weatherford, who worked day and night for the success of the fair, is delighted that it turned out so well. George doesn't do a thing by halves.

Few towns the size of Hustonville could have taken care of so large a crowd, so well, but when the West Enders set their heads on doing a thing, it's going to be done and done well.

NEWS IN THE VICINAGE.

W. L. Huffman, of Garrard, is in trouble for passing counterfeit money.

Twelve-year-old James Stillings, of London, hurt himself internally while jumping and died a few days later.

It is reported that gold ore in paying quantities has been found on the line between Clay and Laurel counties.

The small-pox scare at Jackson has broken up the circuit court and the teachers' institute. The one patient has been removed to the pest-house and is doing well.

Thomas Hutchison has sued W. H. Furr in the Garrard court for \$5,000 damage, because his three children were made sick by eating bread Furr had poisoned for rats.

Nathaniel Sewall, Jr., has retired from the editorial management of the London Kentuckian. He is succeeded by P. R. Phillips. George Hamm is manager. The paper will be all home print hereafter.

Nicholasville and Jessamine county are making elaborate preparations for the centennial celebration which comes off at Nicholasville September 16, on which date the county of Jessamine will be 100 years old.

While under the influence of whisky Todd Hodge, a farmer living in Madison, near the Laurel county line, fell from his horse and broke his neck, killing him instantly. He was alone at the time and lay where he fell for 48 hours.

Boyle county magistrates let the contract for keeping the Harrodsburg & Perryville pike in repair to Joseph McDowell at \$60 per mile, and six miles of the Lebanon pike to Scott Aldridge at \$50. Under the contracts the roadbed, bridges, culverts, etc., are to be maintained.

The Advocate Penicler made a trip to Liberty and fell in love with the town. He writes as follows about the good little city: Liberty, the seat of Casey county, must be a mighty fine place to live in. And the county of Casey is likewise a haven of rest for the tax-burdened soul. Liberty is quite a little city. It has a bank, good hotels, all kinds of stores, some of the best lawyers in the State, good physicians, churches aplenty, and so on. And yet Liberty has no town taxes, no policeman, no police judge. It has no city expenses at all and its people go right along enjoying life just as if they planked down one or two dollars on every one hundred dollars worth of stuff in their possession. The county tax is only 10 cents. Think of that—10 cents—county tax, 10 cents, city tax nothing. This, too, with the county owning one of the best court-houses in the State. When we think of all these blessings, the saying "Give me Liberty, or give me death," takes on an entirely new meaning.

ELD. RALLOU MISREPRESENTED.

I see, handed around through the press, a statement that I visited Camp Corbin at Lexington on the 8th inst; to see my son, a member of the 4th Ky. Reg't, and finding him in the guard-house, that I refused to see him, saying that I would return to visit him when I hoped to find him serving his country in a more creditable way. The author of these statements LIED knowingly. I spent all the time I had to remain, with my son and said not a word about returning. He had "donned" his citizen's suit, and gone into the city; on his return to camp was put in the guard-house (a teat), not "locked up."

He was given the freedom of the camp to walk around with me. Since then he was allowed to visit home. All Kentucky papers that neither "loveth nor maketh a lie," are requested to copy this. See Rev. 22:15. JOS. RALLOU.

Texas has furnished more volunteers in proportion to its population than any other State and it pays them \$7 a month in addition to their regular army pay.

POLITICAL POINTS.

Hon. Albert S. Berry, Congressman from the Sixth district, thinks he will have no opposition for a renomination.

The new republican hand book prepared for the republican congressional campaign committee at Washington almost wholly ignores the tariff and financial questions and puts war issues to the front.

Judge W. M. Catron has resigned as chairman of the republican county committee of Pulaski and J. Sherman Cooper was elected in his stead. The Paragon pays the judge a handsome compliment for the good work he has done for the g. o. p.

Mr. Sam J. Shackelford's deputies, when he assumes office as clerk of the court of appeals, will be Mr. Robert L. Greene, chief deputy, and Mr. Gus Richardson and Mr. W. T. Havens assistant deputies. King Ford and his friends are much incensed that he is left out, as he has a written pledge from Shackelford's leaders that he should be chief deputy.

The Lexington Herald says: R. C. O. Benjamins, the well-known colored editor, politician, lawyer, preacher and writer, has announced himself a candidate for Congress, subject to the action of the republican convention, which will meet some time next month. Benjamins will have as opponents, Hon. Wood G. Dunlap, of this city, and Hon. R. H. Hardin. Benjamins does not expect to win, but is going into the convention to see what chance the negro has.

Hon. Mordecai Williams won the democratic nomination for congress in the 9th at the convention held at Cincinnati. The race narrowed down to him and J. D. Kehoe, when Mr. Williams won on the 9th ballot, the vote standing 57 to 50. Sharp's withdrawal was the sensational feature of the convention, taking place when he had the nomination within his grasp, as nearly everybody believed. His action was due to a feeling that he had not been treated fairly by the Harrison county delegation. The nominee is a lumber merchant of Boyd county, and has been an active political worker for a quarter of a century. He is a white-haired man, about 60 years old and of fine appearance. He has some means and many warm personal friends all over the district. Two years ago he was defeated for the congressional nomination by Mr. W. Larue Thomas, of Mason.

DANVILLE.

Mr. Clay Goodloe won the declamatory contest at Lancaster Tuesday night. He spoke "The Cuban Refugee."

Mrs. Foley's and Miss Minnie Eastham's millinery establishments have been consolidated, Miss Eastham going with Mrs. Foley.

Rev. J. S. Meyers, of Philadelphia, preached at the Christian church Sunday morning and conducted the union services Sunday night.

Danville will have another district convention. The republican party will hold its convention here Tuesday, Aug. 30th, for the purpose of nominating a candidate for congress.

Mr. Lucien V. Rule, a Kentucky poet and a former student of Centre College, has just published his book of poems. His many friends here are rejoiced to hear of his success.

Mr. J. S. VanWinkle is spending a few days at home. Mr. James Monks is at home after spending his vacation in Virginia. Miss Louise VanWinkle is visiting in Frankfort. Miss Zilpha Smith entertained the L. A. S. S. Thursday evening in honor of Miss Mae Wood, of Cincinnati. Dr. Rice Cowan is visiting relatives in Fayette and Clark counties. Mr. and Mrs. B. P. Phillips and daughters have returned from a visit to relatives in Nicholasville. Messrs. Horace Bowman and Tilden Cook and Misses Nancy Hugueley and Dot Bryant attended the Hustonville fair Friday. Mr. Archie Cook is visiting in Lexington. Dr. J. L. McKee and Mrs. Sallie McKee have returned from Tatham. Mrs. J. C. Hemphill, of Lancaster, is the guest of Mrs. Fisher Gaines. Miss Josie May McGowan entertained Saturday evening.

I. N. Vaughan, of Richmond, Va., who dropped dead Monday, carried life insurance policies that aggregated \$293,000 and the Liverpool and London and Globe Insurance Company has settled down to a steady dividend of \$5 per cent. per annum. All branches of the insurance business seem to flourish. —Courier Journal editorial.

State Senator G. W. Sevin, of Colorado, claims the world's record for watermelons. He is willing to make affidavit that a melon grown on his farm measured five feet long, 34 inches thick and weighed 98 pounds.

Col. Colson's regiment will go via the C. & O. to Jacksonville, Fla., tomorrow. The route is 300 miles longer than the C. S. but the bid was lower.

W. P. WALTON.

Democratic Nominee For Congress.

HON. G. G. GILBERT,
Of Shelby County.

IN OLD VIRGINIA.

I reached Richmond after many delays and inconveniences in time to attend the funeral of Mr. Newton Vaughan and see for the last time his manly form, magnificent even in death, for being cut down in an instant by apoplexy and being immediately embalmed there was little change in his appearance. It was one of the saddest, as it was one of the largest funerals I ever attended. Broad Street Methodist church, the largest in the city, being filled on the lower floor with relatives and friends and the galleries being crowded with his faithful colored employees, who were greatly attached to him. Bishop Granberry preached the funeral discourse and several other distinguished divines delivered eulogies, which showed how highly he was held by church leaders. The floral offerings were as extensive as they were beautiful, and came from all parts of the country, the largest and handsomest coming from the tobacco trade at New York. At the grave in Hollywood the bishop made further remarks and then the earth hid forever from view all that is mortal of a good and useful man, a fond and doting husband and a kind and loving father. Peace to his ashes. Cherished always will be his memory.

Besides a large estate, Mr. Vaughan left insurance policies in the regular companies, aggregating \$293,000, all taken the last few years and when rates were being cut, so they cost him less than \$20,000.

I had occasion to go to the seacoast while in Virginia and was at Newport News, Hampton and Old Point. They are all filled with soldiers, the first and last with those of the late war, while the second has many of the survivors of the civil conflict, the Soldier's Home there containing 3,760 inmates and in the National Cemetery there lie buried 8,424 Union soldiers and the 280 Confederates, who died in prison at Fort Monroe. The 3d Kentucky and several other regiments are still at Newport News, but Gen. Castleman, as is known, succeeded in getting away with the 1st Kentucky with Gen. Grant for Port Rico. In the broad harbor at Old Point lay the grim looking war vessels, the protected cruiser Minneapolis and the auxiliary cruiser Yosemite, with scores of other vessels of lesser interest. "Jackies," as the sailors are called, are very much in evidence at Old Point and they are generally curious specimens of humanity, mostly foreigners.

The Maryland regiments are camped around Fort Monroe and the officers from them and the garrison at the Fort are enjoying life fully with the beautiful women, who have come to the Hygeia and Chamberlin Hotels, to help them do so. It is curious as well as interesting to observe how these beauties dress. For the surf they abrogate their dresses greatly at the bottom and for the ball room very decidedly at the top, so the embryo warriors see more of the female form divine than is vouchsafed to the average land lubber or is in strict accord with regulation society. Not all the show is worth the candle, but most of it is worth many times the price that these expensive hotels put on the privilege. The anatomical displays are—but words fail me.

The hulls of the Kentucky and Kearsage are plainly visible from the depot at Newport News and appear to be but little further advanced towards completion than when they were christened. Doubtless they will be finished by the next war, if it does not come before 2000. Even then, however, the \$10,000 asked for the Kentucky's silver service will not be subscribed at the rate subscriptions to the fund are coming in.

The rain followed me with almost malignant fury from the first to the last. It was raining when I left Kentucky, falling heavily in Ohio, pouring in West Virginia as I passed through and flooding in the Old Dominion all the time I was there. The season has been a remarkably favorable one and the corn and other growing crops in these four States are beyond compare. Those who are fond of munching the succulent peanut will be glad to know that the crop promises to be a large one, both in yield and acreage, many people away off from the region in which they have always been raised planting big crops of the "goober." Watermelons and canteloupes are almost given away and for the time the Virginia Negro is as happy as a big sunflower.

I left Richmond, Va., at 10:30 Saturday night on a crowded train of eight cars and in an upper berth of a Pullman, the best I could get. Shortly after midnight and when about 100 miles out, I was awakened by terrible thunder claps and rain pouring on the car

roof. We had run into a water spout. Presently and right under the shadow of Monticello, the home of Thomas Jefferson, the car gave a fearful lunge and came to a stand still. Everybody thought we were going over and women in scanty attire and fearful states of mind could be seen up and down the aisle. It was a critical moment during which even that novel and interesting scene was not even slightly appreciated. Excitement soon subsided when it was found that the train was still on the track and when the ridiculousness of the situation began to dawn on the ladies who were exhibiting more of their charms than modesty allows, they scudded back to their berths. The train had run into a washout in a few yards from a bridge whose abutments had been carried down by the raging waters of Rivanna river. After four hours' delay another train was sent to the scene, a transfer across the sunken bridge was made and with people of eight cars crowded into four we resumed our journey. It was a terrible experience and one that made the blood run cold to stand off from the train and see how narrow was the escape from death by being mangled or drowned for the cars would have gone into the river had they left the track.

W. P. W.

THE WAR IS OVER.

THE protocol or rough draft of the terms of peace as signed by Secretary Day and Ambassador M. Cambon at 4:23 P. M. Friday and President McKinley immediately issued a proclamation in accordance with it suspending hostilities. The terms are those offered by this government which has already been announced. They include the relinquishment of all claims of sovereignty and title over Cuba, the cession of Port Rico and other Spanish Islands in the West Indies and an island in the Ladroneas, all of which are to be immediately evacuated. Commissioners are to arrange the details of evacuation and execute them within 30 days. Pending the conclusion of a treaty of peace, the U. S. is to occupy the city and harbor of Manila and a commission of five Americans and five on the part of the Spaniards are to determine the control and disposition of the Philippines. No money indemnity was demanded, though it should have been.

Several small battles occurred in Porto Rico during peace negotiations and they may be fighting at Manila yet. The blockade has been raised at Havana, but that city will not be occupied by our troops until evacuated by the Spaniards.

Besides the acquisition of territory and the unfurling of our flag in two hemispheres, the results of the war have been most satisfactory. The diabolical crime of blowing up the Maine has been avenged in the destruction of two Spanish fleets, 35 warships having been sunk or captured. For the 266 men who lost their lives on the Maine, the lives of four times as many Spaniards have in a measure atoned. Never has an outrage been so quickly and so fully punished, nor has the supremacy of a nation ever been so thoroughly demonstrated. The war has been worth all its cost in showing other nations the kind of chap your Uncle Sam is and the knowledge will keep other countries off the grass and war will not soon show again its wrinkled front to him.

Now for pensions and more pensions. Already 97 claims have been filed for pensions growing out of the late war and such claims will now be worked for all they are worth. The government was very strict in its physical examination of volunteers and on their discharge will again examine them, so that a record of the condition of each man when he left the army may be kept, and thus guard against wrongful claims. Money to pay these pensions ought to have been demanded of Spain, together with all expenses incurred by the war.

THE 22d Kansas is true to its State and its traditions. It marauded and stole right and left in Virginia and at Bull Run robbed the graves of Confederate soldiers for relics. An officer is on trial for opening the grave of a Confederate major and stealing the metal shoulder straps and watch within. It is also said that the teeth was knocked from the skull and carried off as relics. It is hoped that the court martial will order him shot.

THE war was short, sharp, decisive and expensive. It lasted 114 days and the expenditure has averaged during the time \$870,700 a day. The end of expense is not yet over by a long shot and before all of it is paid it is estimated that the cost will have been from a million and a half to two millions for each day that hostilities lasted.

MCKINLEY should have laid down the law as to the Philippines without leaving it to a commission which will probably take till Christmas and then disagree.

THE end of the war will afford great relief in one respect. The daily newspapers will resume their normal appearance and eschew stud horse type, let us hope.

AND now Congressman-Col. David G. Colson is spoken of for governor. Gee whiz!

WAR TALK.

A great trade revival with the West Indies is expected to follow the raising of the blockade.

To guard against being caught unawares in the event the armistice is declared off, Uncle Sam will keep his hand on his gun while the Peace Commissioners are doing their work.

The work of "repatriating" the Spanish prisoners at Santiago begins to make better progress. The Isla de Luzon sailed with 2,237 people on board, and two other transports will begin loading at once.

In a letter to Postmaster Willis at Nashville, Gen. Joseph Wheeler says the criticisms aimed at Gen. Shafter are very unjust. He says Gen. Shafter has had a hard task, but has performed it successfully and well.

Capt. Biddle and his cowardly Co. C. of the 11th Ohio Volunteers, is to be court martialed for flying, panic stricken at Guayma, Port Rico, last Tuesday when the Spanish opened fire. Their conduct came near causing a general stampede.

There is fear at Camp Corbin that the Fourth Kentucky regiment will be side-tracked. The order to move Wednesday has been held up, and Col. Colson has again gone to Washington, where he hopes to prevail on the war department to send his regiment to the Philippines.

The Americans under Gen. Brooke were preparing to attack the Spaniards near Arroyo, Friday, when the news of the armistice was received. Fifteen minutes later the Spanish would have been routed. The news was a disappointment to the soldiers, who were anxious for a fight.

By Wednesday or Thursday it is expected that all of Gen. Shafter's troops will have left Santiago for the United States. Only about 5,000 are now left at Santiago, and Gen. Shafter expects to follow the last of his men to the United States the latter part of the week. Several transports have already arrived at Montauk Point. The health of the men is improving.

The administration has decided to assemble all the troops in regular camps, one of which will be at Lexington, Ky., and another at Knoxville, Tenn. The men will be drilled and equipped and from them about 100,000 will be selected to be kept in arms until the peace treaty is concluded. The remainder of the volunteers will probably be mustered out of the service.

Five regiments of immunes will be at Santiago when the last of Gen. Shafter's army leaves, and it is believed that force will be sufficient for the present. They will be under command of Gen. Lawton. Gen. Miles has 15,000 men in Porto Rico and Gen. Merritt has about 16,000 at Manila, or will have when the troops now on the way reach him. There will be no increase of any of these forces for the present.

The immediate results of the agreement will be the suspension of hostilities everywhere. Gen. Miles will now take possession of Porto Rico. The blockade of Cuba, which has existed since the very beginning of the war, will be raised; as soon as practicable Spain will withdraw her forces from the island and garrisons of our own men will maintain order and give the Cubans a chance to show what they can do in the new field of self-government.

A DOCTOR'S DIRECTIONS.

They save a daughter from blindness.

When a father writes that yours "is the best medicine in the world," you can allow something for seeming extravagance in the statement if you know that the medicine so praised, cured a loved daughter of disease and restored to her eyesight nearly lost. The best medicine in the world for you is the medicine that cures you. There can be nothing better. No medicine can do more than cure. That is why John S. Goode, of Orrick, Mo., writes in these strong terms:

"Dr. Ayer's Sarsaparilla is the best medicine in the world. My daughter had a relapse after the measles, due to taking cold. She was nearly blind and was obliged to remain in a dark room all the time. The doctors could give her no relief; one of them directed me to give her Ayer's Sarsaparilla. Two bottles cured her completely."

The thousands of testimonials to the value of Dr. Ayer's Sarsaparilla repeat over and over again, in one form or another, the expression: "The doctors gave her no relief; one of them directed me to give her Dr. Ayer's Sarsaparilla. Two bottles completely cured her."

It is a common experience to try Dr. Ayer's Sarsaparilla as a last resort. It is

a common experience to have Dr. Ayer's Sarsaparilla prescribed by a physician. It is a common experience to see a "complete cure" follow the use of a few bottles of this great blood purifying medicine.

Because it is a specific for all forms of blood disease. If a disease has its origin in bad or impure blood, Dr. Ayer's Sarsaparilla, acting directly on the blood, removing its impurities and giving to it vitalizing energy, will promptly eradicate the disease.

The great feature of Dr. Ayer's Sarsaparilla is the radical cures that result from its use. Many medicines only suppress disease—they push the pimples down under the skin, they paint the complexion with subtle arsenical compounds, but the disease rages in the veins like a pent-up fire, and some day breaks out in a volcanic eruption that eats up the body.

Ayer's Sarsaparilla goes to the root. It makes the fountain clean and the waters are clean. It makes the root good and the fruit is good. It gives Nature the elements she needs to build up the broken down constitution—not to brace it up with stimulants or patch it up on the surface. Send for Dr. Ayer's Curebook, and learn more about the cures effected by this remedy. It's sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

THE Broadhead fair begins to-morrow. The prospects for a good show of stock and interesting races are fine. A large number will attend from here and more would go if the trains ran more conveniently.

SET ASIDE.—Judge W. W. Jones, of the Casey circuit court, set aside the verdict under which J. J. Other articles in the room caught, but the fire was gotten under control before much damage was done. Mr. Adams had one of his hands considerably burned while fighting the flames.

THE Best.—Our hats are off to the INTERIOR JOURNAL for unmerited compliments to and picture of our associate editor which appeared in that highly prized exchange this week. The INTERIOR JOURNAL occupies a place in Kentucky journalism and in our personal regard which none other can usurp, and we needed not this mark of distinction to draw out our best wishes for the best paper in Kentucky.—Richmond Climax.

THE many friends of the young man will be glad to learn that Mr. Joshua Stone, of Liberty, has been reinstated as clerk in the secret bureau of the treasury department at an increased salary—\$1,400. It will be remembered that he was dismissed last March from the treasury department on unfounded charges in connection with money order frauds. After being thoroughly vindicated by the courts, there being absolutely no evidence against him, he applied for reinstatement and with the aid of Senator Lindsay secured it.

THE gallows, on which Geo. Stephenson will be hung, was completed Saturday, the rope has been received, the condemned man is ready and willing to die and the first legal hanging that has taken place in Lincoln county in the last 30 years will occur Thursday. It is an unpleasant job for Sheriff S. M. Owens and his deputies, but they will not hesitate to do what the law says must be done. Scores of people visit Stephenson daily, and clever Jailer DeBord is always ready to admit those who come with good motives.

BAILEY.—Mrs. Fred Bailey, who was a daughter of Mr. N. Tol Douglas, who died just a month ago, died at her home at Maywood Saturday after a long illness of consumption and was buried in the family burying ground Sunday morning after services by Rev. Ford, of Lexington. She was 28 years old, a member of the Christian church and leaves besides a husband a son three-years-old.

JUDGE SAUFLEY emphatically denies in a card in the Harrodsburg Democrat the statement of a correspondent that he was arrested and placed in the guard house at Chickamauga. There were absolutely no grounds for such a report, but it is strange how a man will kick on a small matter. The judge dare not deny the charge that we now make that he was confined for a long time in a penitentiary. We do not exactly remember the date, but it was some time between 1861-5 and he was sent there without judge, jury or even the benefit of clergy.

CHURCH CHATTER.

Rev. W. S. Grinstead will hold a sacramental service at McKendree next Sunday at 11 A. M.

Rev. B. C. Hagerman, president of Hamilton college, preached an excellent sermon at the Christian church Sunday.

The meeting, which has been held for the last two weeks by Revs. Cram and Neal, closed Sunday night with seven additions, and a general revival of religion among the Methodists.

Rev. L. B. Davidson, aged 86, and the oldest Methodist minister of the Louisville Conference, was struck and instantly killed by an L. & N. passenger train at Brooks' Station Saturday afternoon. He was on his way to hold services in a country church.

TEACHERS' INSTITUTE.

THE LAST DAY.

Institute opened with singing, Miss Hallie Edmiston leading the choir. Devotional exercises conducted by Rev. Crouch. School Management was then discussed by Profs. Grinstead and Pate and Miss Kirtley. The committee on resolutions then made their report, which was finally adopted after much debate and parliamentary blunders. Crab Orchard was selected as the place for holding the next institute. The vote standing 25 for Crab Orchard and 17 for Hustonville. Prof. Grinstead offered a prize to the two teachers who acquitted themselves most creditably during the institute. Milton Elliott and Mrs. Cochran were chosen by a vote of the teachers, and a handsome book was given to each. The teachers then assembled around the organ and sang "God Be With You 'Till We Meet Again." Prof. Grinstead then pronounced the benediction, and the Lincoln County Institute was a thing of the past. L. M. LEWIS, Secy.

MISS ANNIE MCKINNEY, Asst.

RESOLUTIONS.

We the committee, W. R. Swearingin, Misses Lula Hicks and Kate Bogie, report the following: Be it

RESOLVED 1. That we do cheerfully approve of the business-like manner in which Prof. W. C. Grinstead has conducted the institute, and we heartily commend him as an able, experienced and indefatigable worker.

2. That we extend our thanks to the people of Stanford for the hearty welcome which has been tendered us by them while here.

3. That our thanks be extended to our county superintendent for the interest he is manifesting in the great educational cause, and for the able and efficient manner in which he is conducting the affairs of the office.

4. That we thank the INTERIOR JOURNAL for the great interest taken in the welfare of the teachers of this institute, and for the use of the Opera House during the evening session.

5. That it be our duty as teachers to read one or more educational journals, and especially to patronize our county paper.

6. That we do heartily approve of the action of our State superintendent in breaking up the fraudulent census reports of the city of Louisville, thereby saving the State annually many thousands of dollars.

7. That each of the teachers consider himself a committee of one to make our district associations livelier, better and more practical, believing that the associations will have a strong tendency to bring about a more urgent demand on the part of parents for popular education.

8. That we as a body of teachers are opposed to the State publishing any texts to be used in the public schools of this county or of the State.

INSTITUTE NOTES.

There must be an epidemic among the Hustonville teachers, as several were too ill (?) to attend the institute.

Miss Annie Dunn missed six instead of spelling six out of 20 words, as it appeared in the last issue, and she did well to do that as the words were much harder than usual.

"Mr" Elliott told a Hustonville girl that if he should decide to propose he wouldn't know whether to speak to her mother first or not. "That wouldn't be necessary if you spoke to me first," was the timely response.

9. That with deep regret we record the death of Miss Rachel Bradshaw, and Mr. J. N. Thomas, two of Lincoln

county's ideal teachers, who have labored so earnestly in the school room, and in educational meetings for the success of the work in which they were engaged. That the bereaved families have the sympathy of the entire teaching corps of the county; and further that we do earnestly request the superintendent to send copies of these resolutions to the parents of the deceased.

The resolutions were adopted and the institute adjourned.

COLORED TEACHERS' INSTITUTE.

The Institute was convened at the court-house at 10:30 yesterday. Rev. G. W. Bowling, of the Baptist church, conducted devotional exercises. After Scriptural reading song, No. 129, in Triumphant Songs, was sung, Dr. Tardiff accompanying on the organ. Supt. Singleton then addressed the teachers upon the importance of their profession and the responsibility resting upon them. He then introduced Prof. F. L. Williams, the conductor, who in an earnest and forcible manner presented the plan of the work for the week; emphasizing particularly the importance of all teachers having high ideals to inspire them to greater efforts. The superintendent then appointed the following committees:

Committee on Program—Prof. Williams, Miss M. B. Givens, Mesdames Ella Knox and A. H. Tardiff.

Committee on Music—Dr. W. D. Tardiff and Miss A. M. Stewart.

Committee on Resolutions—R. C. Durham, Mrs. Pleasie O. Robinson, Miss Annie B. Whitley.

Committee on Entertainment—Misses M. B. Givens, L. T. Givens, F. E. Cook and Dr. W. D. Tardiff.

The following teachers are present: Dr. W. D. Tardiff, R. C. Durham, M. B. Givens, Veaster Lackey, Pleasie O. Robinson, Ella B. Knox, Wm. Rice, Lullie Givens, Annie B. Whitley, Mrs. M. C. Owens, J. F. Owens, A. M. Stewart, Lula T. Wade, S. B. Wade, Anne H. Tardiff, Annie B. Whitley, Mrs. Alice V. Haynes and Charles H. Haynes.

Miss Annie H. Tardiff was elected secretary and Miss Lullie Givens assistant secretary.

Will Moreland, who has opened a stock commission house at Lexington, sold 250 wethers at the Union Stock Yards there Saturday at 34c and 250 mountain ewes at \$8.50 each. He tells us that 2,000 sheep and 200 cattle were sold there Saturday and that the yards are a pronounced success. The expense of selling stock there is a third less than in Cincinnati, the commissions being lower and freight from Stanford being \$16 a car less.

THE SECOND KENTUCKY.

CAMP THOMAS, Aug. 11.—The first battalion having completed its work at Snodgrass rifle range pulled up stakes late Saturday evening last for "home." The boys did excellent, considering the fact that they were unused to their guns, target, etc., and fully one-third of the men had never fired a rifle before. Co. H. carried off first honors and Private Phillips scored the highest point, making 49 out of 50. Corporal H. D. White is the crack shot of the uncommissioned officers of Co. L. While the boys enjoyed themselves immensely, most of them were only too glad to get back to the main camp.

Every regiment of infantry in the Park was reviewed by Gen. Breckinridge and staff Tuesday. There were soldiers of all kinds present. There were something like 35,000 men in line and it was a grand sight for one to behold. It seemed that all sectional feelings were buried when the various regiments were passing in review and the Arkansas band struck up "Yankee Doodle" and New York "Dixie."

It seems that the Southerners are getting the cold shoulder, but about four Southern regiments have ever gone to the front, two of those were from Kentucky and it seems a hard matter to get them away from Newport News.

Well it seems that Spain has at last swallowed the American pill, yet it will be some time before the great volunteer army will be mustered out. More than probably 100,000 will be kept in the service to do garrison duty. I hardly think the 24 Kentucky will be among them, but I hope and trust she will get to go to some place. Of course it is just like a prominent officer said the other day, we were just as much a soldier the day we enlisted as if we had gone through a thousand battles and undergone the severest hardships, but soldiers don't like parleying and when they enlist to fight they don't want to lay up in camp and drill, drill, drill, but instead they want to go to the front.

Col. Galtner has been working for a 30-day furlough in order to get to march his regiment to Kentucky. As I see no fun in such a march through such a rough country, I am not in for it.

The latest is that the camp is condemned and that 30 regiments will leave, part for Porto Rico, but the majority to Knoxville and near Nashville. There is going to be a great "revolution" now in a few days in Chickamauga Park, but I will not be so premature as to say what will happen.

The second battalion, commanded by Maj. Allen, left this morning (Thursday) for the Snodgrass rifle range for target practice. Yesterday the various companies and officers had their pictures taken. There do not over a dozen photographers on an average visit our camp daily. The boys are anxiously awaiting the coming of the paymaster. The Second Kentucky may get paid this afternoon, but I rather suspect it will be to-morrow. Most of the regiments at this writing have been paid. It took a cool \$1,000,000 to pay the Camp Thomas boys off this time, or not half the amount paid last month. Gen. Breckinridge and staff paid our camp a visit Wednesday. Well I have just served 11 hours guard duty and feeling tough so I will have to ring off.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about 10 days and was having about 25 operations of the bowels every 12 hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumpton, Gilmer Co., W. Va. For sale by Craig & Hocker, Druggists.

The Washington expenditures to date on war account do not exceed \$100,000,000—the sum President Polk offered for Cuba a half century ago. Poor old Spain never parts with any of her possessions except to the inexorable demands of the forces of Fate. Three men were killed over one woman at Deadwood, S. D.

THE BEST REMEDY FOR FLUX.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me.
